# iPhone: Send Picture in Email or Text

Add photos in email:

1. In an email, tap ⟨ gray arrow or Return to open the format bar.

2. Tap the photo and video button 🖼, then choose your photos. You'll see ✅ a blue checkmark on each photo or video you selected.

The number of photos you can send depends on your email provider. If you're unable to send multiple photos, add fewer, then try to send the email again. Contact your email provider if you have questions.

Add photos in text:

1. From a Home screen, tap **Messages** 💬.
   → If an app isn't available on your Home screen, swipe left to access the App Library.
2. Tap the **New Message icon** ✎ (upper-right).
3. From the To field, enter an email
   → Alternately, enter a contact name, as the name is entered, a matching contact may appear and can be selected at any time.
   → Repeat this step as necessary to add additional recipients.
4. From the Text Message field, enter a message.
5. Tap the **Camera icon** 📷 (on the left).
6. Aim then tap the **Take Picture icon** ◯.
   → Alternately, press either volume button (left edge of the device).
7. Tap **Done** (upper-right).
   → To discard and take a new picture, tap the **Retake** then repeat step 7.
8. Add text if desired then tap the **Send icon** ⬆.
